Objectives

- Have a **practical understanding** of the different legal entities existing in the impact sector
- Reflect on the **different financial instruments available for impact driven businesses**
- Acquire more knowledge on **hybrid financing mechanism**
- Understand the innovation of the European **sustainability regulatory scenario**

Something about EVPA

WHO:

- EVPA is a broad and diverse community of organisations **interested in** and/or **practising venture philanthropy and social investment** across Europe.
- **+290 members from +35 countries**, primarily European
- Full **range of impact actors** including:
 - Venture philanthropy funds, social investors, grant-making foundations, impact investing funds, private equity firms, professional service firms, philanthropy advisers, banks and business schools.

WHAT:

- Increase **funding and expertise**
- Increase the **effectiveness** of Venture Philanthropists and Social Investors.
- **Co-create a well-functioning eco-system** for social impact

OUR THEORY OF CHANGE

*We envision a world where every social purpose organisation (SPO) is matched with the appropriate amount and type of support from **venture philanthropy and social investment organisations** to achieve the **greatest impact**.*

Guiding social entrepreneurs through the process of raising social investment (Module 7)

**SOCIAL
INVESTMENT
TOOLKIT**

GUY LEJEUNE

DG Employment and Social Affairs, European Commission

ALL ABOARD!

📅 November 9, 2021 ⌚ 11:00 - 12:00 📍 Online

How to make social enterprise support system and social finance more inclusive?

EU-funded Better Incubation Project

How to best support social enterprises to become investment ready and to connect them with social finance? What are the peculiarities of social enterprises when it comes to incubation/acceleration/access to finance needs? Which specific approaches should be adopted by the social enterprise support system to ensure that vulnerable groups don't face barriers when accessing to support programmes or finance?. We'll tackle these questions and bring insights from the EU-funded Better Incubation project.
